

Map Making - What Are You Looking For?

Logistics

Do you want a single, detailed, comprehensive map, or an arranged set of specialized maps?

Comments:

Do you want a map that is...

- Actual, depicting current vegetation and infrastructure?
 - Theoretical, sensibly designed and filled with your planned out vegetation not yet planted and buildings not yet built?

Comments:

Do you want your map...

- Loaded with Info? Descriptive text? Numbers? References? Comments? Plant names, etc? (filled in with long term perennial garden layout, etc)?
 - a blank slate (open patches fit for labelling seasonally alternating annual gardens, etc)

With your map, do you want an...

- Attached report?
 - Attached design description?

Aesthetics

Do you want your map to be in...

- a Stylized theme?
 - Color? B/W?
 - a colored pencil look?
 - a digital Look?
 - a draft sketch look?

Comments:

Process

- Do you want the map to be its own product or a bi-product of a design implementation?
 - What kind of cycles of input/feedback would you like to have during the map-making process?
